***2024)***

### **From the HOD Primary**

Welcome back from the Christmas holiday into a new term of relentless hard work, commitment, and rapt focus.

This term though short will be maximally utilized and replete with activities that will equip and prepare our pupils for both external and internal assessments, as the need arises.

### **School Attendance**

The importance of punctuality in school cannot be over-emphasized. The pupils are expected to be ready and seated in the classroom at 7.50 am, for the day's lessons which would commence at 8.00 am prompt.

Rampantly pulling the pupils out of school at will, is not in the best interest of the child's academic performance. As such, parents should kindly structure or plan their appointments within the stipulated holiday period. In case of an emergency, please notify the administrative department of the school with the appropriate documents, stating the reasons why the pupil(s) would be absent from school and this should be done, at least three (3) days before the appointment date.

### **Health**

Any pupil who shows any sign of an ailment, no matter how mild and non-contagious, will not be allowed into the classroom. Over time, we have observed that some very mild issues at some point, become emergencies that have the school personnel scampering to the hospital. Thus, pupils who show any sign of an ailment should be kept at home until it is appropriate for resumption.

### **Extra-Curricular Activities**

In addition to the extra-curricular activities already in place in the school, there would be an Inter-House sports competition this term. Parents are hereby enjoined to be a part of the program. This program is a part of the learning process and would ensure social, moral, and emotional development in the pupils. Parents are also welcome to participate in the program.

### **Homework/Research/Projects**

The E-school is one of the many means through which homework, research, and projects will be occasionally sent. Parents, please alert the class teacher of any challenges faced during login. To this effect, the new parents are encouraged to pick up their login details for themselves and their children from the class teacher, while the old parents should ensure that their pages are still up and running.

### **Communication**

CITA practices an open-door policy. Thus, we always encourage our parents to give us feedback about our services. Please feel free to give us your concern(s) about the learning style, safety, or any other academic-related issue that requires attention from the head of the department.

*Welcome back!*

**From the HOD Nursery**

Welcome everyone! I hope that you had a relaxing fun fun-filled vacation.

Here are a few reminders for you to commence the term.

**Weekly confirmation and attendance:**

CITA’s policy inspired by the need for the security and safety of our children does not allow a parent to pick up another parent's children without previous confirmation. Please endeavor to fill in the weekly confirmation booklets and have any potential delegate introduced to the teacher and security personnel in person. Drop off and picking up times for Nursery end the 9 am, after which no pupil or their items are allowed in. Pick-up begins at 12:30 pm. If there is any delay, please call the school before 9:00 am.

**Academic Expectations:** Homework is a compulsory part of every pupil’s assessment.

Supervision from parents to help the pupils put into practice acquired skills from school and feedback from parents as to the challenges faced will be appreciated. Class projects, explore activities, assignments, and hands-on activities also contribute to assessment scores.

**Illness and Medical Emergencies:** Kindly note that no pupil will be allowed in school with signs of illness. In case of an emergency, the staff nurse will attend to the child while parents are contacted or informed during pick up depending on the severity of the injury.

**Complaints:** Kindly note that we place a huge value on relationships between all stakeholders (pupils, staff, parents, and management). We are all in the team together. Please come to the office if you have any observations or complaints. Do not base your conclusions on somebody else’s experience.

We anticipate a very successful term as our team of amazing teachers supports the academic, social, and emotional growth of your child.

*“Respect all the reasonable forms of activity in which the child engages and try to understand them.” - Maria Montessori*
